

10 Tray Dehydrator with Timer and Door

The large 10 tray Buffalo dehydrator is ideal for dehydrating many types of food, including vegetables, fish, meat and fruit. By removing water from food, shelf life is extended and unique, interesting textures can be created, adding value and reducing waste. Heat generated by an internal circular element is evenly distributed throughout the dehydrator by a fan, ensuring consistent, great quality results, whilst the user-friendly digital control panel allows you to precisely control and time the dehydrating process. The Buffalo dehydrator is so versatile, it can also be used to produce pot pourri, healthy dried fruit snacks or beef jerky.

Features and Benefits:

- Digital control panel
- Thermostat temperature control
- Fan assisted air flow for even distribution of heat
- 10 removable, dishwasher safe trays
- Transparent hinged front door

Specification:

Code	CD965
Number of Shelves	10
Shelf Size	330 x 265mm
Temperature Range	35°C to 70°C
Weight	9.3kg
Dimensions	480(H)x 362(W)x 415(D)mm
Packed Weight	10.2kg
Packed Dimensions	452(H)x 432(W)x 542(D)mm
Material	ABS
Power	800W
