CARACTERÍSTICAS CONSTRUCTIVAS • CONSTRUCTION FEATURES

VV-RG/RGM/RGB / VV-MR / VVA-MR / VVAM-MR

- Exterior fabricado en chapa de acero plastificada, lacada o inox.
- Costados panorámicos vidrio doble, serigrafiados en negro RAL 9005.
- Interior en acero inoxidable AISI-304.
- Perfilería en aluminio anodizado.
- Aislamiento de poliuretano inyectado, densidad 40kg/m3, bajo GWP y cero efecto ODP.

- Clase climática 3 (25°C 60%HR).
- VV-RG / MR: vitrina refrigerada para snack (+2°+8°).
- VVA-MR: vitrina refrigerada autoservicio con cortina nocturna incluida (+2°+8°)
- VVB-RG: vitrina refrigerada para chocolates (+14°+17°, 55% HR).
- Tensión de trabajo monofásica 220V 50Hz
- Tensión de trabajo monofásica 115V 60Hz o 220v 60Hz (consultar)

VVAM-HE

- Control electrónico de temperatura
- Estantes de chapa de acero regulables
- VV-HE vitrina cerrada caliente (+60°+70°) y (45% - 50%HR)

- Electronic temperature control.
- Adjustable steel sheet shelves.
- VV-HE: closed hot display case (+60°C to +70°C, 45% – 50% RH).

COMPONENTES • COMPONENTS

- Iluminación LED estándar: encimera y estantes.
- Evaporador tratado epoxi
- Condensación ventilada.
- Evaporador ventilado.
- Control electrónico de temperatura.
- Descarche automático con evaporación automática.
- Vidrio doble, frontal, puerta y encimera
- Vidrio frontal doble, abatible.
- Estantes de vidrio securizado regulables (en altura),
- Puertas correderas traseras en aluminio negro RAL 9005, salvo modelo VV-6-6 (puerta abatible).
- VV-RG: Modelo vidrio panorámico. Disponible en tres alturas.
- RGB: H 1100mm
- RGM: H 1195mm
- RG: H 1380mm
- VV-MR: Modelo vidrio panorámico inclinado.
- VVA-MR: Modelo autoservicio con cortina nocturna incluida.
- VVAM-MR: Modelo autoservicio con respaldo mural. cortina nocturna incluida
- Chasis en acero acabado epoxy.
- Kits de unión: para instalaciones especiales y lineales. Consultar precio.
- Modelos preinstalación incorporan valvulería solenoide y expansión termostática en R-449A, opción

- Standard LED lighting: on countertop and shelves.
- Epoxy-coated evaporator.
- Ventilated condensation.
- Ventilated evaporator.
- Electronic temperature control.
- Automatic defrost with automatic evaporation.
- Double glass on front, doors, and countertop.
- Tilting double front glass.
- Adjustable tempered glass shelves (height adjustable).
- Rear sliding doors in black aluminum RAL 9005, except model VV-6-6 (hinged door).
- VV-RG: Panoramic glass model. Available in three heights:
- a) RGB: H 1100 mm
- b) RGM: H 1195 mm
- c) RG: H 1380 mm
- VV-MR: Inclined panoramic glass model.
- VVA-MR: Self-service model with included night curtain.
- VVAM-MR: Self-service model with wall-back support and included night curtain.
- Chassis in epoxy-coated steel.
- Joining kits: for special and linear installations. Ask for pricing.
- Pre-installation models include solenoid valve and thermostatic expansion valve for R-449A, with R-134 option available.

DATOS TÉCNICOS • TECHNICAL FEATURES

- Clase climática 3 (25°C 60%HR).
- VV-RG / MR: vitrina refrigerada para snack (+2°+8°).
- VVA-MR: vitrina refrigerada autoservicio con cortina nocturna incluida (+2°+8°)
