CARACTERÍSTICAS CONSTRUCTIVAS • CONSTRUCTION FEATURES

VV / VVA / VVAM

- Exterior en chapa de acero plastificada, lacada o inox.
- Interior en acero inoxidable AISI-304.
- Costados en ABS inyectado espesor 40 mm.
- Perfilera en aluminio anodizado.
- Aislamiento de poliuretano inyectado, densidad 40kg/m³, bajo GWP y cero efecto ODP.

- Exterior made of plastic-coated, lacquered or stainless steel sheet.
- Interior in AISI-304 stainless steel.
- Sides made of 40 mm thick injected ABS.
- Profiles made of anodized aluminum.
- Injected polyurethane insulation, density 40kg/m³, low GWP and zero ODP impact

VV-HE

- Cajón humidificador para aporte externo (solo VV)
- Control electrónico de temperatura
- Estantes de chapa de acero regulables
- VV-HE vitrina cerrada caliente (+60°+70°) y (45% - 50%RH)

- Humidifier drawer for external supply (VV only).
- Electronic temperature control.
- Adjustable steel sheet shelves.
- VV-HE: closed hot display case (+60° to +70°C) and (45% - 50% RH).

COMPONENTES • COMPONENTS

- Iluminación LED estándar: encimera y estantes.
- Evaporador tratado epoxi
- Condensación ventilada.
- Evaporador ventilado.
- Control electrónico de temperatura.
- Descarche automático con evaporación automática.
- Vidrio doble lateral, frontal, puerta y encimera
- Vidrio frontal doble, abatible.
- Estantes de vidrio securizado regulables (en altura),
- Puertas correderas traseras en aluminio negro RAL 9005, salvo modelo VV-6-6 (puerta abatible).
- VV-C: Modelo de vidrio curvo.
- VV-R: Modelo de vidrio recto
- VVA: Modelo autoservicio con cortina nocturna incluida.
- VVAM: Modelo autoservicio con respaldo mural. cortina nocturna incluida
- Chasis en acero acabado epoxy.
- Kits de unión: para instalaciones especiales y lineales. Consultar precio.
- Modelos preinstalación incorporan valvulería solenoide y expansión termostática en R-449A, opción R-134. Opcional otros refrigerantes.

- Standard LED lighting: on countertop and shelves.
- Epoxy-coated evaporator.
- Ventilated condensation.
- Ventilated evaporator.
- Electronic temperature control.
- Automatic defrost with automatic evaporation.
- Double glass on sides, front, door, and countertop.
- Tilting double front glass.
- Adjustable tempered glass shelves (height adjustable).
- Rear sliding doors in black aluminum RAL 9005, except model VV-6-6 (hinged door).
- VV-C: Model with curved glass.
- VV-R: Model with straight glass.
- VVA: Self-service model with included night curtain.
- VVAM: Self-service model with wall-back support and included night curtain.
- Epoxy-finished steel chassis.
- Joining kits: for special and linear installations. Ask for pricing.
- Pre-installation models include solenoid valves and thermostatic expansion valve for R-449A, R-134 option. Other refrigerants available upon request.

DATOS TÉCNICOS • TECHNICAL FEATURES

- Clase climática 3 (25°C 60%RH).
- VV: vitrina refrigerada para snack (+2°+8°).
- VVA: vitrina refrigerada autoservicio con cortina nocturna incluida (+2°+8°)
- VVB: vitrina refrigerada para chocolates (+14°+17°, 55% RH).
- Tensión de trabajo monofásica 220V 50Hz
- Tensión de trabajo monofásica 115V 60Hz o 220v 60Hz (consultar)

- Climate class 3 (25°C 60% RH).
- VV: refrigerated display case for snacks (+2° to +8°C).
- VVA: self-service refrigerated display case with included night curtain (+2° to +8°C).
- VVB: refrigerated display case for chocolates (+14° to +17°C, 55% RH).
- Operating voltage: single-phase 220V 50Hz.
- Operating voltage: single-phase 115V 60Hz or 220V 60Hz (upon request)
