Carbon dioxide detection

Dizziness is bloated, because carbon dioxide is too much

Timely ventilation and fresh air for family health

Air quality detector product size

The basic parameters

size	75*50mm
weight	74g
power	USB 5V
connection	bluetooth 4.0
system	iOS 9.0 /Android 4.3 or above
TVOC test range	temp between 5-35°C, 0~9.999 mg/ m3
HCHO test range	temp between 5-35°C, 0~1.999 mg/ m3
CO2 test range	temp between 5-35°C, 400~2000ppm
temperature test range	-10~+50° C
