

VELA DAYBED Ø210x40 RECLINABLE con parasol

By Ramón Esteve

Esta extensa colección de muebles y maceteros para exterior busca ofrecer el confort y la calidez de los muebles de interior sin perder sus cualidades de origen.

VELA es un sistema modular con una geometría elemental prismática que basa su singularidad en el equilibrio de sus proporciones. Los elementos se pueden combinar entre sí para poder convivir en cualquier espacio. Sus volúmenes rotundos parecen flotar a unos centímetros del suelo y cuando se iluminan se transforman en arquitecturas livianas.
